

Vehicle Health Report

Vehicle ID: TS003
Owner Name: Atharv Rupde
Contact Number: 9876543203
Address: Jalna, Maharashtra

Vehicle Number: MH12AB1203
Make: Hyundai
Model: Creta
Health Score: 62.5%

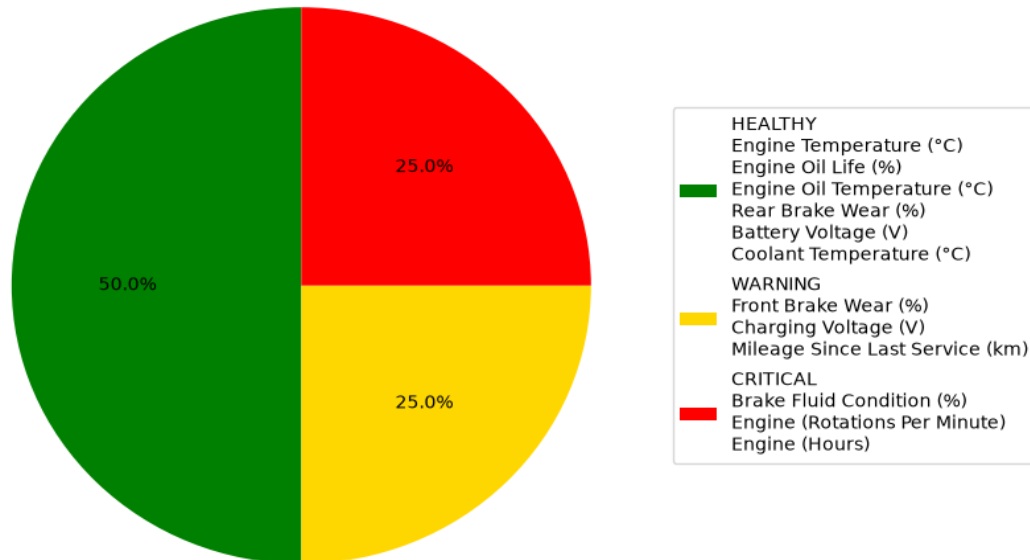

Last Service Date: 2026-01-01
Next Service Due: 2026-07-01

Sensor Readings vs. Standard Values

Sensor	Healthy	Warning	Critical	Vehicle Reading
Engine Temperature (°C)	70-95	96-105	>105	88
Engine Oil Life (%)	>60	30-60	<30	85
Engine Oil Temperature (°C)	90-110	111-120	>120	103
Front Brake Wear (%)	0-50	51-80	>80	75
Rear Brake Wear (%)	0-50	51-80	>80	45
Brake Fluid Condition (%)	>70	40-70	<40	35
Battery Voltage (V)	12.4-14.0	12.0-12.3	<12.0	12.8
Charging Voltage (V)	13.5-14.5	12.5-13.4	<12.5	13.2
Mileage Since Last Service (km)	0-8000	8001-10000	>10000	9500
Engine (Rotations Per Minute)	800-3500	3501-4500	>4500	5000
Coolant Temperature (°C)	80-95	96-105	>105	90
Engine (Hours)	0-2000	2001-3500	>3500	4200

Sensor Status Distribution

Vehicle Health Distribution

Vehicle Condition Summary

Vehicle TS003 is currently showing noticeable signs of wear and needs prompt attention, with an overall health score of 62.5% based on 12 monitored parameters.

- 6 of 12 parameters, including Engine Temperature (°C), Engine Oil Life (%), Engine Oil Temperature (°C), Rear Brake Wear (%), Battery Voltage (V) and Coolant Temperature (°C), are operating within their ideal range and require no action at this time.
- 3 parameters - Front Brake Wear (%), Charging Voltage (V) and Mileage Since Last Service (km) - are approaching the upper limit of the safe range. These should be inspected and, if needed, serviced at the next scheduled maintenance visit to prevent them from developing into a more serious issue.
- 3 parameters - Brake Fluid Condition (%), Engine (Rotations Per Minute) and Engine (Hours) - have moved beyond the safe operating range and require immediate attention. Continuing to operate the vehicle without addressing these could increase the risk of breakdown or further mechanical damage, and a service visit is strongly recommended as soon as possible.
